Dear Sir

I will give careful consideration to your letter about bringing Miss Charlotte Mason's work to the notice of students when revising next session's syllabus. I have entered it in my diary under date July 18th.

Yours faithfully

Dear Sir,

I beg to acknowledge receipt of your letter about the Parents' National Educational Union.

We have been interested in Miss Mason's work for many years past, and students have frequently taught in schools in which the methods were used.

We should be very glad indeed to allow a representative of the Sub-Committee to come to the College to speak on Miss Mason's methods, if you care to send one during the Summer term: almost any day between 28th April and 12th June could be arranged.

Yours faithfully,

S. Walker.

Dear Sir,

Thank you for your letter about the P. N. E. U. For some years I have been interested in this movement, and I think I may say that the students of this College are, more or less, familiar with its methods. However, I should be glad to introduce Miss Mason's Text-books if you will let me know what they are.

I think it would be a good thing if a Representative came here, and discussed the whole matter with me, and on the same occasion to give a lecture to the students.

Yours truly,
P. F. F. Braley (Principal)

Dear Sir,

I am in receipt of your letter of the 10th. inst., about the P.M.B.U. I think that you have written to me under a misapprehension: this College is not associated with the University, nor does it prepare its students for a Teaching Diploma ~~as such~~, but for the Board of Education's Teacher's Certificate. This being the case, I do not see what there is that I can do to further your plans — though I can tender you my good-will.

Believe me,

Yours faithfully,

Dear Sir,

Thank you for your letter of the 15th addressed to Dr. Costley-White. He has asked me to send you a list of Miss Mason's books and I have marked two which are especially useful to those who wish to study her methods of teaching as used in schools.

The sub-Committee, I know, felt that the study of these books, though it was essential, would be of no use unless students were allowed to do their teaching practice in approved P. E. C. U. schools. I venture to emphasise this point as you do not happen to mention it in your letter.

You kindly say you will be willing to see a representative of the Sub-Committee. May I write to you a little later on about this?

Yours truly,

Secretary.

Dear Sir,

In reply to your letter of the 10th inst. regarding the Parents' National Educational Union, I write to let you know that we are in full sympathy with the aims of the Union, and, should one of your representatives at any time be able to come to Truro and address our Students on the subject, we should be only too glad. One of them came some two years ago and addressed the Students then in residence.

We should also be glad to receive a list of the principal books by Miss Charlotte Mason, and we should then hope to include one or more of them in our College Library.

I am,

Faithfully yours,

Dear Madam,

Thank you for your letter of the 16th addressed to Dr. Costley-White. He has asked me to acknowledge it.

We shall be pleased to send someone down at a later date to speak to your students as you kindly suggest.

I am very glad to send you a list of Miss Mason's books. The most important from the point of view of teachers are those marked.

Yours truly,

Secretary.

Dear Madam,

Thank you for your letter of the 16th addressed to Dr. Costley-White. He has asked me to acknowledge it.

It is kind of you to say you will see members of the Sub-Committee at a later date when it is possible to arranged this. Perhaps you would at the same time like a lecture to your students.

Yours truly,

Secretary.

Dear Sir,

We have been considering your letter of March 10th, and if you care to send some representative on either a Wednesday or a Friday between 11 and 12.30, or after 8pm, to explain your methods to the students and afterwards to discuss the matter with the Staff, we shall be very glad to welcome her.

We can offer simple hospitality at the College, and it would have to be during the second fortnight of May, or June 1st to the 3rd.

Believe me,

Very faithfully yours,

R. B. Bater.

Dear Sir,

I am indebted to you for your letter of the 10th inst., calling my attention to the work of the Parents' National Educational Union. I have had a book acquaintance with the work for many years past. Miss Charlotte Mason's book on Home Education was very well known to me a generation ago, and I have felt a good deal indebted to the book.

The point raised in your letter is one which, so far as this College is concerned, shall have careful consideration. I do not think anything profitable can be done this term, but early next term I will draw the attention of my chief colleagues to the terms of your letter.

I should like to add, however, that, besides approaching individual Training Colleges, it would be well to approach the Training College Association, which includes several hundreds of the Principals and Lecturers in Training Colleges. The Secretary of the Association is Miss K. Anderson, Whitelands College, Chelsea, S.W. 3.

Dear Sir,

Thank you for your letter of the 21st addressed to Dr. Costley-White. He has asked me to acknowledge it.

I wonder if you saw a report in the Press of the meeting of the Headmasters' Conference at which Miss Mason's methods of teaching were discussed. I enclose a cutting as I think it may be of interest; also a full list of Miss Mason's books.

It is kind of you to say you will discuss the matter of Dr. Costley-White's letter with your staff next term and also to suggest that we should get into touch with Miss K. Anderson. This I am doing with pleasure.

Yours truly,

Secretary.

Dear Madam,

I hear from the Warden of Goldsmiths' College that you, as Secretary of the Training College Association, may be interested in a letter which Dr. Costley-White has written to the University Training Departments and to some of the Training Colleges. I now enclose a copy of it.

Dear Sir,

Thank you for your letter of the 21st addressed to Dr. Costley-White. He has asked me to acknowledge it and to say that he will be very glad to try and send a representative to explain the methods to your students and discuss the matter with the staff early in June as you suggest. I will write later and give a definite date if I may.

Dear Sir,

I must apologise for not having earlier acknowledged your letter of the 10th instant.

No - the method of Charlotte Mason is little known to me. What little I do know of it has led me to regard it as the negation of teaching and the elimination of the teacher.

I shall therefore be glad of any opportunity you may give me of becoming better informed, if the representatives of your sub-committee will be so kind as to call upon me, as you suggest.
